

Invitation to ASIAQ4: Online Workshop November 12-13, 2019

Welcome to ASIAQ4! We are opting for a travel free workshop since we have noticed that it is difficult for many of our colleagues to travel. We would like to explore this option with open minds and we hope that it will be a learning process for all of us.

Date and place: November 12-13, 2019, starts at 12 pm Swedish time and ends latest 3 pm Swedish time. Online workshop with the option of joining physical local hubs.

Zoom link: <https://stockholmuniversity.zoom.us/j/7959414005>

Opportunities with a travel free workshop

- More choice of speakers
- Broader audience
- Saves travel time and money
- More time spent with research group and family
- More accessible which leads to better equality
- No travel -> no jetlag -> health benefit and overall safer!

Attendees can join

- At the main physical hub in Sweden at Stockholm University
- At locally organised hubs (location to be organized by local hosts)
- From their own device (i.e. PC/laptop, phone or tablet) via link

Local hubs

- Places, where multiple people are joining, are encouraged to organise local hubs. Please get in touch and we are happy to advice - all you need is a computer with internet connection, a screen/projector, speakers and the link.

Practicalities

- All participants are asked to download and use the Zoom software, link will be sent in separate invitation
- If possible, please use a network cable instead of Wi-Fi
- It is advisable to use headset with mic. If you need to purchase a headset ASIAQ is happy to pay for your expenses. Please contact annika.granebeck@su.se.
- Please test your system, i.e. connection, sound and picture well in advance before the workshop begins
- This is the first (but hopefully not the last:) event organized in this way within ASIAQ, so please be patient
